

WNY Community Social Programs

Are you currently living with dementia or do you care for a loved one with a memory impairment at home?

Monthly community respite services offer social companionship, meaningful activities, and active engagement for individuals living with dementia. They also provide a safe place to connect with others facing a similar journey, make new friends, and unwind. For care partners, these programs offer time to enjoy visits with friends, tend to your own health needs, and re-charge.

These ERIE COUNTY programs are free-of-charge, but registration is REQUIRED by calling contacts for individual sites.
